

## Wire Stripper No. 5

WEICON Wire Strippers enable the fast, easy and even stripping of stranded and solid conductors. The wire stripper feature an ergonomic shape as well as an automatic scanning system, which identifies the cable diameter. This prevents damaging the inner conductor. The product family of wire strippers comprises several types, which are suitable for different applications and tailored to the users' individual needs. The wire strippers are used in skilled trades as well as in industrial applications, and they are also suitable for use in the domestic sector.

The WEICON Wire Stripper No. 5 is suitable for stripping all stranded and solid conductors from 0.2 – 6.0 mm<sup>2</sup>. The wire stripper also has a visual length scale from 5 - 12mm. The length stop can be removed, if required. A well-accessible side cutter is integrated in the tool, which is suitable for cable diameters up to 2 mm. The blades are replaceable. The low weight of the No. 5 ensures fatigue-free working.
